

# Fractions Pyramids.

To find the next fraction, **add** the two bricks below it.

Copy each pyramid and fill in the missing fractions.

Leave answers as mixed numbers if appropriate, cancel down where possible.

1).

2).

3).

4).

5).

6).

7).

8).

9).

10).

11).

12).

13).

14).

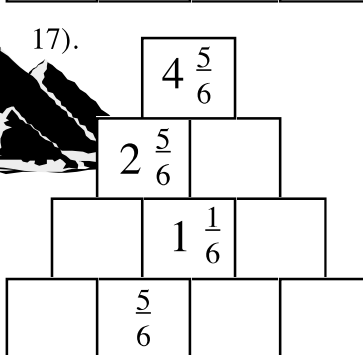

15).

16).

17).

18).
